

Multi Band Portable Jammer

Model : RCSG-6015-BD

General

Our Jammer is a very advanced modular wireless communication jammer and it effectively blocks the signals of radio transmitters used to remotely activate explosive devices and bombs and it is especially designed for portable operation to defend military/Police convoys and EOD/bomb disposal teams against Remote Controlled Improvised Explosive Devices.

Specification

- (a) Portable Jammer for any type of vehicle or static mode
- (b) Automatic fan control system with built-in , Active Smart cooling system
- (c) Range up to 150m under best condition
- (d) Multi Bands/Module Operation
 - Band 1 20~300 MHz (RC, Walkie talkie, Analog phone)
 - Band 2 300~800 MHz (VHF, UHF Walkie talkie, Car alarm)
 - Band 3 800 ~960 MHz (Walkie talkie, CDMA, TDMA, GSM900)
 - Band 4 1805~1990 MHz (GSM1800, 1900, PCS)
 - Band 5 2110~2170 MHz (WCDMA 3G)
 - Band 6 2400~2500 MHz (WLAN, Bluetooth, WiFi)
- (e) RF 20~100 Watts per band
- (f) Power supply from 12v DC Battery for mobile and AC Supply for static
- (g) Features
 - Light weight, Small in size, Robust, Rugged, Short circuit
- (h) 2 hours by External Battery, Continuous operation by AC Supply
- (i) Noise reduction technology and RF Shielding
- (j) On/Off Control switch in each band
- (k) Omni-directional Antenna
- (l) Operating Temperature : -20 ~ +55°C
- (m) Storage Temperature : -30 ~ +60°C

It is subject to change without notice for better quality and capability

Multi Band Portable Jammer

Special Features & Major Components

This portable jammer has a Reverse polarity. Surge current, Over voltage, Short circuit, Lighting protection.
Stable system performance in all type of weathers.

Another Jammers

Jammer for Full range

Jammer for GSM

Applications

- Police operation
- VVIP/VIP/CIP protection
- Military Convoy protection
- EOD/Bomb squads Protection
- Anti-terror units
- Military bases Protection

Vehicle mounted
for convoy protection
